

General Gibson Says Every Soldier who goes to the Front Should take NUXATED IRON

General John L. Clem, Who Was Sergeant in the U. S. Army at 12 Years of Age; General David Stuart Gordon, Hero of the Battle of Gettysburg; Judge Samuel S. Yoder, for 18 Years a Practicing Physician and Formerly Surgeon Major in the Army, Also Tell How They Were Benefited by a Short Course of This Remarkable Product.

General John L. Clem, U. S. A. (Retired), the drummer boy of Gettysburg who entered the U. S. Army as a drummer boy at the age of eleven years. He was promoted to be Surgeon for gallantry at the battle of Chickamauga when only 15 years old. He says that Nuxated Iron is the one and ever-reliable tonic that he obtained most surprising results from its use in two weeks' time.

General David Stuart Gordon, U. S. A. (Retired), promoted for gallantry at the battle of Gettysburg. General Gordon says: "Nuxated Iron has made me as fit as the toughest soldier and it is my country's gain. I stand ready to go."

Dr. James Francis Sullivan and other physicians explain why Nuxated Iron helps to increase strength and endurance, and build up weak, nervous, run-down folks.

What every soldier most needs is tremendous "stay there" strength, power and endurance, with nerves of steel and blood of iron. To help produce this result there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron, says Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "I have personally found it of such great value as a tonic, strength and blood builder that I believe if General Gibson's advice were followed many of our fighting men would find it of great benefit. In my opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping increase strength, energy and endurance.

General Horatio Gates Gibson says Nuxated Iron has brought back to him in good measure that old buoyancy and energy that filled his veins in 1847 when he made his triumphant entry with General Scott into the City of Mexico.

Another remarkable case is that of General David Stuart Gordon, noted Indian fighter and hero of the battle of Gettysburg. General Gordon says: "When I became badly run down this year, I found myself totally without the physical power to 'come back' as I had done in my younger days. I tried different so-called 'tonics' without feeling any better, but finally I heard of how physicians were widely recommending organic iron to renew red blood and rebuild strength in worn-out bodies. As a result I started taking Nuxated Iron, and within a month it had roused my weakened vital forces and made me real strong again, giving me endurance such as I never hoped to again possess."

Another interesting case is that of General John Lincoln Clem, who at the early age of 12 years was Sergeant in the U. S. Army and the last veteran of the Civil War to remain on the U. S. Army active list. General Clem says: "I find in Nuxated Iron the one and ever-reliable tonic. Two months after beginning the treatment I am a well man."

"I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and

General Horatio Gates Gibson, U. S. A. (Retired), who entered the City of Mexico in the war of 1847 with General Winfield Scott. General Gibson says: "Judging from the results in my own case, I feel that every soldier who goes to the front should take Nuxated Iron."

SWORN STATEMENT OF THE COMPOSITION OF THE FORMULA OF NUXATED IRON:

It is conservatively estimated that this remarkable formula is now being used by over three million people annually. Among those who have used and strongly endorse it are many physicians who have been connected with the best hospitals and medical societies, former United States Senators Wm. B. Mason and Chas. A. Tamm, former members of Congress; distinguished U. S. Army Generals (Retired), Judge Atkinney of a United States Court at Washington, and former Public Health Commissioner Kerr of Chicago.

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their offices so that they may intelligently answer questions of patients concerning it. Everybody is advised to cut it out and keep it. A copy of the actual sworn statement will be sent to any one who desires such. It is as follows:—

Iron Peptonate (Special Specific Standard).
(Quantity given below).
Sodium Glycero-phosphate U. S. P. (Monomeric).
Calcium Glycero-phosphate U. S. P. (Monomeric).
P. B. Nux Vomica U. S. P.
Cascarae Bitter.
Magnesium Carbonate.
P. B. Glaxo U. S. P.
Oil Cassia Cinnamon U. S. P.
Calcium Carbonate Precip. U. S. P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate, of a special specific standard, which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost; but by so doing we must have most certainly impaired their therapeutic efficiency.

Glycero-phosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycero-phosphates are said to contain phosphorus in that particular state so similar to that in which it found in the nerve and brain cells of man. As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycero-phosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to "adulteration and substitution by unscrupulous persons is very great, and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Dae Health Laboratories, Paris, London, and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you. We guarantee satisfaction to every purchaser or your money will be refunded.

Below is Doctor Sullivan's Prescription for enriching the blood and helping to make strong, buoyant, red-blooded Americans—men and women who dare and do.

Below is Doctor Sullivan's Prescription for enriching the blood and helping to make strong, buoyant, red-blooded Americans—men and women who dare and do.

a highly nervous condition due to lack of sufficient iron in their red blood corpuscles, without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body, somewhat like corn through an old mill with rollers so wide apart that the mill can't grind.

"But in my opinion you can't make strong, vigorous, successful, sturdy iron men by feeding them on metallic iron. The old forms of metallic iron must go through a semi-digestive process to transform them into organic iron—Nuxated Iron—before they are so ready to be taken up and assimilated by the human system.

"Notwithstanding all that has been said and written on this subject by well-known physicians, thousands of people still insist on dosing themselves with metallic iron simply, I suppose, because it costs less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or, if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package.

Dr. E. Sauer, a Boston physician, who has studied both in this country and great European medical institutions, said: "Nuxated Iron is a wonderful remedy. If people would only take it when they feel weak or run-down instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that there are thousands who might readily build up their red blood corpuscles, increase their physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us. It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained."

Dr. A. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon, Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron said: "This remedy has proven through my own tests of it to excel any remedy I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long-felt want, a true tonic, supplying iron in an easily digested and assimilated form. A true health-builder in every sense of the word."

NOTE—Nuxated Iron, which is prescribed by Dr. Sullivan, and which has been used by Generals Gibson, Gordon, Clem, Judge Yoder and others with such surprising results, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed by all good druggists.
